

Breast Pump Benefit Update

We are changing our electric breast pump benefit to ensure we meet the Georgia Department of Community Health's (DCH) guidelines.

Electric breast pumps will only be covered when a baby has a certain medical condition. Mothers may get an electric pump if the baby or mother has one of the following conditions:

- ✓ A birth defect that affects the ability to breastfeed. The baby may have a cleft lip, Down syndrome, Pierre-Robin Syndrome or an oral deformity
- ✓ Baby has neurological issues like Cerebral or Facial Palsy
- ✓ Long-term conditions causing sickness or weakness. These conditions affect the ability to breastfeed
- ✓ A long hospital stay that needed Neonatal Intensive Care (NICU). The mother would need a hospital grade rental pump once they leave the hospital

WellCare encourages and supports breastfeeding. Members with healthy babies should request breast pumps through the Georgia Women, Infants and Children (WIC) program. Eligible members can receive breastfeeding counseling, breast pumps, and other supplies. WIC has local offices across the state. For more information call <1-800-228-9173>.

WellCare can also assist you.

Please call Customer Service at <1-866-231-1821>, <Monday through Friday from 7 a.m. to 7 p.m.> Our team will work with you to develop a plan to get the care you need.

WellCare proudly serves the *Georgia Medicaid* and *PeachCare for Kids*® members enrolled in the *Georgia Families*® program and women enrolled in the *Planning for Healthy Babies*® program.

WellCare complies with all applicable federal civil rights laws. We do not exclude or treat people in a different way based on race, color, national origin, age, disability or sex.
