We're Glad You're Here

Who am I?

- I am a licensed and certified Wellcare plan representative.
- I do not represent the government, Medicare or Medicaid.

Thank you for joining me. Today, you'll learn all about:

- Medicare Basics
- Medicare Advantage
- Prescription Drug Plans
- And, Wellcare Medicare Advantage

Get Help Choosing a Plan That's Right for You

Selecting a Medicare Part D Prescription Drug Plan can be complicated, but we're here to help. This easy-to-follow presentation explains Medicare in simple language. It covers everything you need to make a good decision about your Medicare Part D Prescription Drug coverage and to enroll in a Part D plan. It also explains how a Wellcare Medicare Part D Prescription Drug Plan can provide coverage for the medications you need to live a better, healthier life.

Let's Start with the Basics

What Is Medicare?

Medicare is a program administered and regulated by the Centers for Medicare & Medicaid Services (CMS).

You are eligible for Medicare if you are:

- A citizen or permanent resident of the United States
- Age 65 or older
- Under 65 with certain disabilities
- Any age with end-stage renal disease (ESRD) or amyotrophic lateral sclerosis (ALS, also called Lou Gehrig's disease)

Medicare Has Four Different Parts:

PART A HOSPITAL INSURANCE

Part A covers inpatient care, a skilled nursing facility, hospice and some home healthcare. You will have out-of-pocket costs for your hospital stay, such as deductibles and coinsurance.

PART B MEDICAL INSURANCE

Part B helps with the costs of doctor visits, outpatient services and some preventive services. With Part B, there are additional costs you have to pay, such as a monthly premium, annual deductible and coinsurance. Parts A and B together are called Original Medicare.

PART C MEDICARE ADVANTAGE

Medicare Advantage, also called Part C, provides all of your Part A and Part B coverage in one plan offered by a private company, like Wellcare. Medicare Advantage plans may offer extra coverage, such as dental, vision and hearing coverage, and often include Part D prescription drug coverage.

PART D PRESCRIPTION DRUG COVERAGE

Wellcare Medicare Part D Prescription Drug Plans help to cover the cost of prescription drugs. Many of our plans offer low monthly premiums and low co-pays on the medications you take to feel and be your independent best. To receive drug coverage, you must purchase a Prescription Drug Plan (PDP) to add to your Original Medicare or enroll in a Medicare Advantage plan with Part D prescription drug coverage (MAPD).

Get to Know Medicare Part D

Medicare Part D is coverage for prescription drugs. You don't automatically get this coverage when you become eligible for Medicare, yet many Americans rely on prescription drugs to maintain their health and well-being. It's important to consider whether you need a plan with prescription drug coverage. To receive drug coverage, you can join a Wellcare Medicare Part D Prescription Drug Plan.

Coverage Stages

Medicare Part D prescription drug coverage includes four cost-sharing stages. The amount you pay to fill your prescription drugs depends on the payment stage you are in.

- 1 | Deductible**
The amount you pay before a plan covers your prescription drugs costs. Some Wellcare plans have no deductible.
- 2 | Initial Coverage**
During this stage, the plan pays its share of the cost and you pay your share. You are in this stage until your payments and the plan's payments total \$4,430 for the year.
- 3 | Coverage Gap**
When your drug costs and plan payments for the year reach \$4,430, you enter the Coverage Gap Stage, commonly known as the Donut Hole. You will pay 25% of the cost for formulary generic and brand-name drugs. You will stay in this stage until your out-of-pocket costs for the year reach \$7,050.
- 4 | Catastrophic Coverage**
After your out-of-pocket costs for prescription drugs reach \$7,050, the plan will pay most of your drug costs for the rest of the year. You will pay either 5% of the cost of the drug, or a co-pay of \$3.95 for generic drugs or \$9.85 for all other drugs.

How Will I Determine My Drug Costs?

Our plans group each medication into one of five tiers. You will need to use your formulary to determine what tier your drug is in and how much it will cost. The amount you pay depends on the drug's tier and what stage of the benefit you have reached.

You can view the plan's drug tiers in the Summary of Benefits.

Find Out If You Qualify for Extra Help

Extra Help is a Medicare program that helps people who have limited income and resources pay Medicare prescription drug program costs, like premiums, deductibles and co-payments. Depending on your income and resources, you may qualify for Extra Help.

If you think your income may qualify you for assistance from the government, we can help! We can walk you through the process so you can get Extra Help and enjoy a better, healthier life.

You may get more information, see if you qualify and apply with the Social Security Administration. They may be reached at **1-800-772-1213** or TTY: **1-800-325-0778** Monday - Friday 8 am to 7 pm or visit ssa.gov/benefits/medicare/prescriptionhelp.

What Is a Formulary?

A formulary lists the drugs your plan covers. If you are working with a licensed sales representative, he or she will have a copy of the formulary and can help you look up the medications you take. You can also find the formulary online at [wellcare.com/PDP](https://www.wellcare.com/PDP), or request a copy by calling **1-888-293-5151** (TTY: **711**), 24 hours a day / 8 a.m.–8 p.m., 7 days a week/ Monday–Friday.

To search for your medications in our online formulary:

- ▶ Visit www.wellcare.com/PDP
- ▶ **Select your state from the drop-down menu**
- ▶ Enter your ZIP code and click Search
- ▶ Click Go to my plan details
- ▶ Under the Pharmacy drop-down select Drug List (Formulary) and download the documents you need

When to Enroll

Annual Enrollment Period (AEP)

People eligible for Medicare can change their health plan from Oct. 15, 2021 through Dec. 7, 2021. Any change during this time becomes effective on Jan. 1, 2022.

Initial Coverage Election Period (ICEP)

This is when most people are first eligible to enroll in Medicare. This period starts three months before the month of your 65th birthday, continues through your birth month, and lasts for three months after it. For example, if you were born in June, you become eligible to enroll any time from March through September.

Medicare Advantage Open Enrollment Period (MA OEP)

People enrolled in a Medicare Advantage plan can disenroll and return to Original Medicare or make one change to a different Medicare Advantage plan any time from Jan. 1, 2022 to March 31, 2022. If you choose to return to Original Medicare, you have until March 31, 2022 to sign up for a Prescription Drug Plan. The effective date for a change made during the MA OEP is the first day of the month after the enrollment request is received.

Special Enrollment Period (SEP)

This is when people who have special circumstances can enroll in Medicare outside of regular enrollment periods.

Some of those circumstances include moving to a new service area, losing active employer group coverage, or becoming eligible for a Dual Special Needs plan. Give us a call if you want to learn more about this or you think you may be eligible for a SEP.

What Is a Late Enrollment Penalty?

Medicare beneficiaries who go for 63 days or more without “creditable drug coverage” must pay a late enrollment penalty. Creditable coverage is prescription drug coverage that meets Original Medicare’s standards.

Medicare requires plans that offer drug coverage to determine whether new members owe the late enrollment penalty. If you incur a late enrollment penalty for not having adequate drug coverage, the penalty will apply to each Medicare Advantage Prescription Drug or Medicare Part D Prescription Drug Plan you join. Health plans, like Wellcare, must add the extra amount to the premiums of members who owe the penalty.

If you receive Extra Help from Medicare to pay for your prescription drugs, you will not pay a late enrollment penalty. However, if you ever lose your Extra Help, you must maintain your Part D coverage or you could be subject to a late enrollment penalty in the future.

Getting Your Medications During Your Transition

All new Wellcare members can get a temporary 30-day supply of Part D prescription drugs anytime during the first 90 days of joining our plan (31 days if Long Term Care) on most covered drugs. Following the temporary fill, if your medication is not on our formulary – the list of covered drugs – or if it has usage restrictions (such as prior authorization or step therapy), you and your doctor will get a written notice explaining how to choose an alternative drug. The notice will also let you know how to ask for a drug evaluation review, which is a request to cover a drug that isn’t on our formulary.

If you’re not sure whether the medications you take are covered on our formulary, call 1-XXX-XXX-XXXX (TTY: 711) 24 hours a day / 8 a.m.–8 p.m., 7 days a week/ Monday–Friday.

You can also find medications we cover online at www.wellcare.com/PDP.

Save Time With Home Delivery

Our home-delivery* service through CVS Caremark^{®+} lets you have a 90-day supply of your medications mailed safely to your door. You save time and set up delivery to anywhere you choose. We can even automatically refill and renew your home-delivery prescriptions at no extra cost.

Convenience

Your medications are delivered right to you, saving you trips to the pharmacy and time at the gas pump. Plus, shipping is always free! We even contact your doctor to ask for a 90-day prescription.

Which Plan is Right for You?

Wellcare offers several plans with different levels of benefits, depending on how much prescription drug coverage you need to support your well-being and help you live a better, healthier life.

Qualify for Extra Help? Choose our Classic Plan:

Wellcare Classic (PDP)

- ✓ This is a good choice for members who qualify for Extra Help. Depending on the level of Extra Help you receive, you may pay no monthly premium and lower co-pays than those listed in the Summary of Benefits. After you have enrolled in a Wellcare Medicare Part D Prescription Drug Plan, Medicare will tell us the level of Extra Help you will receive and we will send you information on the amount you will pay.
- ✓ Plan include a broad range of network pharmacies
- ✓ You may save more when you choose one of the many preferred pharmacies in our network. Preferred pharmacies in this plan include CVS[†], Walgreens[†], and many grocery chains.
- ✓ If you qualify for Extra Help, you will pay no more than your subsidized co-pay regardless of what pharmacy you use. If you don't qualify for Extra Help, you will pay the co-pays listed in the Summary of Benefits

[†]Other pharmacies are available in our network.

If you want a low premium, Wellcare also offers the following plan to meet your needs:

Wellcare Value Script (PDP)

- ✓ Low premium
- ✓ No deductible on Tiers 1 & 2 medications (Preferred Generic & Generic)
- ✓ Lower cost insulin medications*
- ✓ In-store co-pays as low as \$0 at preferred cost share pharmacies. Preferred pharmacy network includes CVS[†], Walgreens[†], and many grocery chains

Need more coverage? You may be interested in our plan with \$0 deductible:

Wellcare Medicare Rx Value Plus (PDP)

- ✓ No deductible for all prescription drug tiers so the plan begins covering your prescription drug costs the first day you're a member of the plan
- ✓ Lower cost insulin medications*
- ✓ In-store co-pays as low as \$0 at preferred cost share pharmacies. Preferred pharmacy network includes CVS[†], Walgreens[†], and many grocery chains.

Understanding Your Pharmacy Network

Wellcare Medicare Prescription Drug plans use a network of pharmacies to fill your prescriptions. Here we explain the types of pharmacies in our plans.

Network pharmacy: Wellcare has contracts with pharmacies to provide covered Part D drugs to our members. This is called a network. You must use a network pharmacy to have your medications covered by your plan.

Preferred pharmacy: Wellcare Medicare Part D Prescription Drug Plans' networks include preferred and standard pharmacies. If you use one of our preferred pharmacies to fill your Part D prescriptions, your co-pay cost may be even lower than when you fill at a standard pharmacy.

*Insulin costs will be capped at \$35 a month for a 30-day supply of each medication during the deductible, initial coverage, and coverage gap stages. See Evidence of Coverage for complete details.

[†]Other pharmacies are available in our network.

5 Good Reasons to Choose Wellcare Prescription Drug Plans

- 1 | Plans with low monthly premiums**

A Wellcare Prescription Drug plan may be one of the lowest cost plans available in your area. Our plans offer affordable coverage on thousands of prescription drugs to support your total well-being and help you live a better, healthier life. The formulary lists the medications we cover.
- 2 | Value that saves you money**

Many plans offer co-pays as low as \$0 at preferred retail pharmacies. Some plans have no deductible, so you can enjoy even more savings.
- 3 | Pharmacies available across the country**

Wellcare Medicare Prescription Drug Plans make it easy for you to fill your prescriptions. Our network includes national, regional and local chains, and independent neighborhood pharmacies. If you would like to see if your current pharmacy is part of our network, visit the pharmacy locator at www.wellcare.com/PDP.
- 4 | Lowered Cost of Insulin Medications**

Wellcare knows the importance of keeping the price of insulin as low as possible for our members. If you enroll in the Value Script or Value Plus plans, the cost of covered insulins will be capped at \$35 for a 30-day supply of each medication during the deductible, initial coverage, and coverage gap stages.
- 5 | Caring Member Services**

As a member, you'll have access to a Member Services team that will explain your coverage and how to make the most of your benefits. Need help finding a pharmacy or filling a prescription? It's just a call away.

You're Ready to Sign Up

If more value and quality-focused care sound good to you, let's take the next step. You can enroll in one of the following ways:
