CMS Final Rule 0057-F Prior Authorization Requirements

List effective 12/31/2025

Wellcare requires prior authorization (PA) as a condition of payment for many services. This Notice contains information regarding such prior authorization requirements and is applicable to all Medicare Advantage products offered by Wellcare.

Wellcare is committed to delivering cost effective quality care to our members. This effort requires us to ensure that our members receive only treatment that is medically necessary according to current standards of practice. Prior authorization is a process initiated by the physician in which we verify the medical necessity of a treatment in advance using independent objective medical criteria and/or in network utilization, where applicable.

It is the ordering/prescribing provider's responsibility to determine which specific codes require prior authorization.

Please verify eligibility and benefits prior to rendering services for all members. Payment, regardless of authorization, is contingent on the member's eligibility at the time service is rendered.

For members enrolled in a PPO plan, authorization is not required for non-participating providers and facilities, however, services on the medical necessity/ authorization required list below must be covered services within the benefit plan and considered medically necessary for the plan to pay a portion of the out-of-network claim. For members enrolled in a non-PPO plan, all services rendered by non-participating providers and facilities require authorization, including requests to use the member's Point-of-Service benefits.

For complete CPT/HCPCS code listing, please see Online Prior Authorization Tool on our website at <https://www.wellcare.com/texas/providers/authorization-lookup>.
