

## 2020 OB Enhanced Payment Program

At Staywell, we value everything you do to deliver quality care to our members – your patients – and ensure they have a positive health care experience. To recognize OB providers who collaborate with us to provide superior care to our expectant members, Staywell is offering an OB Enhanced Payment Program (OBEPP) in 2020.

**You may be able to earn \$1000.00** for your practice annually. This will be in addition to the compensation you receive for the individual services provided under your Participation Agreement.

**Please note the following requirements to qualify for OBEPP:**

- Increase your Postpartum visit rate by 2% from your baseline
- Decrease your C-Section rate by 2% from your baseline
- Provide evidence of successfully completing a LARC training

This program is for providers that are not participating in MPIP, and who delivered 25 or more babies with Staywell in 2019. If you participate in MPIP during 2020, this program will not apply to you in 2021. A Staywell subject matter expert is available to answer any detailed questions you may have about this program.

Proof of the successful completion of your LARC trainings should be submitted to Staywell's Quality Improvement Project Manager before 12/31/2020 at fax number: **1-813-327-7571**. All claims filed contributing to the OBEPP qualifying rates are subject to medical record review.

Staywell's OBEPP is discretionary and subject to modification at any time. Staywell is not making changes to any other compensation provisions in your agreement. In the meantime, we encourage you to contact members requiring appointments for services.

Staywell is here to help, and will support our provider partners with quality incentive programs, quicker claims payments and dedicated local support. Please contact your Provider Representative if you have any questions or need assistance. You can reach us Monday–Friday from 8 a.m. to 5 p.m.

Proudly serving Staywell members.
