WELLCARE'S PRIOR AUTHORIZATION LIST

Prior Authorization (PA) Requirements
 This WellCare prior authorization list supersedes any lists that have been distributed to our providers. Please ensure that older lists are replaced with this updated version. Authorization changes are denoted by a **P** symbol for easy identification. Requirements that have been edited for *clarification only* are denoted with a **D** symbol.

WellCare supports the concept of the Primary Care Physician (PCP) as the "medical home" for its members. PCPs may refer members to network specialists when services will be rendered in an office, clinic or free-standing facility. **A written or faxed script to the specialist is required.** The reason for the referral and the name of the specialist must be documented in the medical record. **The specialist must document receipt of the request for a consultation and the reason for the referral in the medical record. No communication with WellCare is necessary.**

For members enrolled in a PPO plan, authorization is not required for nonparticipating providers and facilities, however, services on the medical necessity/authorization required list below must be covered services within the benefit plan and considered medically necessary for the plan to pay a portion of the out-of-network claim.

For members enrolled in a non-PPO plan, all services rendered by nonparticipating providers and facilities require authorization, including requests to use the member's Point-of-Service benefits. Specialists must coordinate all services with the member's PCP. It is the responsibility of the provider rendering care to verify that the authorization request has been approved before services are rendered.

Urgent Authorization Requests and Admission Notifications: Call 1-855-538-0454 and follow the prompts.

- Notification is required for Inpatient Hospital admissions **by the next business day** after admission (except normal maternity delivery admissions). Telephone authorizations must be followed by a fax submission of clinical information.
- Outpatient authorizations for urgent and time-sensitive services may be submitted by phone when warranted by the member's condition. Please include **CPT and ICD-10 codes** with your authorization request. Standard authorization requests may be submitted [online](#) or via fax to the numbers listed on the associated forms located [here](#).
- **Web submissions** are faster, and if the procedure requested meets clinical criteria, the Web provides an approval that can be printed for easy reference.
- Obtaining authorization does not guarantee payment, but rather only confirms whether a service meets WellCare's determination criteria at the time of the request. WellCare retains the right to review benefit limitations and exclusions, beneficiary eligibility on the date of service, the medical necessity of services, and correct coding and billing practices.
- Lab codes performed in a lab setting should be directed to Quest. Testing must be consistent with CLIA guidelines.

For your convenience, items on this QRG in **bold, underlined** fonts are hyperlinks to supporting WellCare Provider Job Aids, Resource Guide and forms when the Quick Reference Guide is viewed in an electronic format.

Authorization does not guarantee claims payment. All services/procedures are subject to benefit coverage, limitations and exclusions as described in the applicable plan coverage guidelines.
