## MODEL OF CARE PROCESS FLOW

## TRANSITIONS OF CARE

Care transitions from one level of care to another can present possible disruptions in member care. As a member's care setting and care providers change, there is a need to ensure that care needs are coordinated and communicated. During the transition process, 'Ohana will communicate changes in care, medications and treatment to caregivers and you, their provider. We will work with you and the member to ensure that necessary care is scheduled and provided so there is no interruption to the member's care and services. We ask that you partner with 'Ohana during these transitions to ensure the member's needs are met and the member has a smooth and successful transition of care.

## FREQUENTLY ASKED QUESTIONS

---

### Q: What are Special Needs Plans (SNPs)?

A: SNPs are a type of Medicare Advantage plan specially designed to focus on the needs of vulnerable targeted populations. There are three general types of SNPs:

- Institutional SNPs (I-SNPs)
- Dual-eligible SNPs (D-SNPs)
- Chronic SNPs (C-SNPs)

'Ohana currently offers only D-SNPs.

## CLAIMS/BILLING

---

### Q. If I do not accept Medicaid, may I bill a D-SNP member directly?

A. Not in all cases. Some D-SNP members are held harmless by the state for Medicare Part A and Part B services. These D-SNP members may not be billed for cost sharing, and contracted providers must accept plan payment in full.

**Q. If I accept Medicaid and do not receive any additional payment from Medicaid, may I balance bill the D-SNP member?**

**A.** Not in all cases. CMS requires all plans to develop language for their provider contracts that prohibits balance billing D-SNP members who are held harmless by the state for Medicare Part A and Part B covered services. For these D-SNP members, contracted providers must accept plan payment in full if they do not receive additional payment from the state Medicaid agency.

**Q. How do I submit claims for reimbursement for a D-SNP member who has 'Ohana for both Medicare and Medicaid?**

**A.** One claim can be submitted for payment for 'Ohana Medicare and Medicaid.
