Prior Authorizations

Requesting an Authorization

Providers must obtain prior authorizations for certain services and procedures. You can request authorizations through the secure online Provider Portal, by fax or by telephone. For details regarding services that require authorization and how to submit authorization requests, please refer to the QRG.

The following information is generally requested for all authorizations:

- Member name
- Member ID number
- Provider ID and National Provider Identifier (NPI) number or name of the treating physician
- Facility ID and NPI number or name where services will be rendered (when appropriate)
- Provider and/or facility fax number
- Date(s) of service
- Diagnosis and diagnostic codes
- CPT codes
- Any relevant clinical information to support medical necessity of request

Via Provider Portal

Registered providers may log in, click the *Care Management* link, then select *Create New Authorization*.

For authorizations, please supply your phone and fax numbers. You can attach up to 10 clinical files. Your requests may not be visible in the Provider Portal inquiry until a final disposition has been determined. As a result, you may receive our fax response before seeing the determination online.

Via Fax

Please complete the appropriate WellCare notification or authorization form for the type of care needed. You can find the forms online at www.wellcare.com/Nebraska/Providers/Medicaid/Forms. Fax the completed form and any supporting documentation to the fax number listed on the QRG.

Via Telephone

Emergent or Urgent Authorizations Only

Authorization requests that are emergent or urgent should be submitted via telephone. Emergent or urgent requests should only be submitted when the standard time frame could seriously jeopardize the member's life or health. Requests for expedited authorization will receive a determination within three business days. You may contact Provider Services at the phone number listed on the QRG to request an expedited authorization.

Checking Authorization Status Online

WellCare encourages you to check the status of your authorization requests online via our secure Provider Portal at <https://provider.wellcare.com>.

Simply log in and click the *Care Management* link. You can then search by Authorization Number, Member ID, Member Name and Date of Birth or Provider ID.

Select one of the service date ranges or enter a custom date range of up to one year.

Click the *Search* button. Results will appear at the bottom of the page.

Please note: Authorization/Certification determinations are made based on medical necessity and appropriateness, and reflect the application of WellCare's review criteria guidelines. Once you complete each authorization request via the Provider Portal, you can download or print a summary report for your records.

Authorizations are valid for the time noted on each authorization response. WellCare may grant multiple visits under one authorization when a plan of care shows medical necessity for this request. Failure to obtain the necessary prior authorization from WellCare could result in a denied claim. Authorization does not guarantee payment. All services or procedures are subject to benefit coverage, limitations and exclusions as described in applicable plan coverage guidelines.

Claims

Electronic Funds Transfer (EFT) and Electronic Remittance Advice (ERA)

WellCare has partnered with PaySpan Health, a company with more than 25 years of experience in developing payment solutions, to provide EFT/ERA services.

Register for Electronic Funds Transfer at PaySpan Health

Create a New Account

WellCare has instituted additional security measures to ensure your EFT is secure. New users must first contact PaySpan Health to request a registration code. Call **1-877-331-7154** or email providersupport@payspanhealth.com. PaySpan Health will email instructions on how to register online.

Enter Your Registration Code

Once you receive your code, you can register at www.payspanhealth.com by selecting the *Register Now* button. Follow all the prompts and complete the required registration questions. You will need:

- Your Vendor/Provider Identification Number (PIN) and TIN
- A valid email address
- An account name (to identify the receiving account). Note: Providers typically use the account name to specify the payee designation. Each payee will have a separate registration code and can therefore have a separate receiving account established. The same routing and account number can be used for multiple receiving accounts.
- Bank routing number
- Bank account number

Your email address will become your username when logging in to PaySpan Health. After completing your registration, you will receive an email from PaySpan Health. In a few days, you will need to verify that PaySpan Health has made a small deposit to your bank account. This deposit amount will confirm that your electronic payments are properly set up. You do not need to return the deposit to PaySpan Health.

Filing a Claim

All claims must have complete and compliant data including:

- Current CPT and ICD-10 (or its successor) codes
- TIN
- NPI number(s)
- Provider and/or practice name(s) matching the W-9 initially submitted to WellCare

General Definitions:

- **Paid claims** – claims that have at least one line item designated as payable.
- **Pending claims** – claims that require additional review and/or claims that are held due to a member’s failure to pay his/her premium (these claims remain in a pending status until the member pays his/her premium).
- **Denied claims** – services indicated on the submitted claims are not covered, did not receive authorization and/or the member is not eligible.
- **Rejected claims** – claims that have missing or invalid information, such as invalid code sets or required data elements, which will not pass WellCare’s “front-end” edit process. You will need to correct the data and resubmit a new claim.

Electronic Claims

WellCare accepts electronic claims submission through Electronic Data Interchange (EDI) as its preferred method of claims submission. All files submitted to WellCare must be in the ANSI ASC X12N format, version 5010A1 or its successor. This is less costly than billing with paper and, in most instances, allows for quicker claims processing. For more information on EDI implementation with WellCare, refer to the Claims/Encounter Companion Guides located at www.wellcare.com/Nebraska/Providers.

HIPAA Electronic Transactions and Code Sets

Please follow the HIPAA transaction and code set requirements as found in the National Electronic Data Interchange Transaction Set Implementation Guides that are available at www.wpc-edi.com.
